

Sales Incentive Program: Win a fabulous Green Travel Experience!!

Reward the best-of-the-best with an elite travel package that not only promises to be personally rewarding, but also eco-friendly and socially responsible!

Budget estimate per person: \$3,000 pending availability, seasonality of trip dates, fluctuations in transportation costs and surcharges, and any additional customizations. Final cost will be determined at the time of booking. Space is not being held at this time.

TRIP PACKAGE 1

Theme: Inner Peace, Personal Growth, Social Responsibility

Setting: The Tropical Rainforests of Costa Rica

Establishment: The Lapa Rios Ecolodge

Reward your top-performers with a unique, life-changing experience! Set in a private nature reserve in one of Costa Rica's last remaining lowland tropical rainforests, the Lapa Rios Ecolodge offers the best in eco-tourism packages, while maintaining 5-star-quality service.

What makes this trip eco-touristic?

Travelers will have the opportunity to contribute to the preservation of the rainforest, as well as participate in the local culture, all while learning about the important measures taken by the resort to focus on sustainability, from biodegradable building materials to a locally staffed resort.

Encourage Personal Growth

Incentive winners will have the opportunity to...

- Contribute to sustainable development in the Lapa Rios reforestation program by transplanting a primary rain forest seedling to an area of second growth.
- Travel to a Costa Rican grade school and share culture, stories, songs, photos and readings with the children
- Visit a non-profit wildlife sanctuary and rehabilitation center and learn of efforts to save the animals.
- Experience true sustainability by taking a guided tour around the lodges' premises.

Give your winner the trip of a lifetime. By promoting eco-tourism you will be rewarding your incentive winner with not only a tranquil and harmonic experience, but also developing skills that will help promote social responsibility and encourage cultural diversity. Your incentive winner will return refreshed, rejuvenated and re-inspired, ready to share their experiences with their teammates. In the end, this experience will not only benefit the winner, but your organization as a whole.

TRIP PACKAGE 2

Theme: Luxury, Relaxation,
Environmental Consciousness

Setting: The Mountainous Terrain of
Jackson, Wyoming

Establishment: Hotel Terra Jackson Hole

Why LEED Certified Lodging?

By choosing to stay in an elite LEED Certified hotel, you are choosing to reduce your carbon footprint. LEED Certified hotels must obtain rigorous certifications, including initiating innovative strategies for sustainable site development, water savings, energy efficiency, materials selection and indoor environmental quality. The Hotel Terra Jackson Hole not only built sustainable, they also practice sustainability by using chemical free cleaning and laundry products, use of 100% organic cotton bed linens, towels, bath mats, and bathrobes, and use of technology to reduce guest paper use.

The Best in Luxury and Relaxation

Guests can relax and enjoy the following amenities:

- Luxurious and serene guest rooms that incorporate stylish, vibrant design with the comforts of home.
- Winter activities such as downhill skiing and snowboarding, snow kite boarding and sleigh rides.
- Tours, hiking and wildlife viewings of the local National Parks, such as Grand Teton and Yellowstone National Park
- Golfing, hot air balloon rides, horseback riding and water sports during the summer months.
- State of the art spa treatments that feature Eminence Organic Skin Care, incorporating handpicked fresh ingredients, hand mixed with pure waters from a thermal hot spring lake containing rare minerals and elements.

Allow your winner all the luxuries they deserve. This incentive prize is the best of both worlds—giving the winner a relaxing and well-deserved reward all while being environmentally conscious and socially responsible. Your incentive winner will return to work relaxed and refocused, ready to take on the next big challenge.

Introduce the Incentive Program with a gift! The following item not only provides informative and exciting information about the incentive, but is also a unique and tangible product that can be used in everyday business!

Eco-Friendly USB Flash Drive

This credit card style USB flash drive provides the largest imprint area of any in our collection. The drive features lightening fast file transfer speeds via the USB 2.0 connections and comes packaged in a vinyl pouch. Include the Auto Run option so Incentive details are immediately available to dealers!

Eco friendly flash drives are better for the environment because the materials used, such as lead-free solders, are more easily decomposed than their traditional counterparts and are less harmful to the environment.

The following are the eco-friendly components of this flash drive:
USB drive including the PCB board, solder, memory chip, and electronic components / Housing or casing including those made of plastic, aluminum, steel, leatherettes, and silicone / Ink used to print the logos / Vinyl snap packaging that is standard with all models / Neck lanyard - black that is standard with all models / Paper insert card for technical support that is standard with all models

The following are the restricted toxic materials that make this drive eco-friendly:
Lead / Mercury / Cadmium / Hexavalent chromium / Polybrominated biphenyls (PBB) / Polybrominated diphenyl ether (PBDE)
